Answer the following question.

Question carries Twenty (20) marks.

Illegible handwriting will be penalized.

1. Natural law, at best, can remain only a vague and nebulous concept whose meaning lies entirely in the eye of the beholder. This degree of subjectivism and idiosyncratic judgement cannot but impair substantially the value of natural law as a pragmatic and cohesive ideology.
(Jurisprudence, The Open University of Sri Lanka, p18)

In light of the above statement, critically analyze the value and relevance of the natural law theory in the contemporary law-making process. Support your answer by citing at least three examples.
