

THE OPEN UNIVERSITY OF SRI LANKA
 BACHELOR OF MANAGEMENT STUDIES HONOURS DEGREE IN
 ACCOUNTING AND FINANCE
 FINAL EXAMINATION – 2025
 LEVEL - 05
 AFU5401 –FINANCIAL SECURITIES, MARKETS AND REGULATIONS
 TIME DURATION- THREE (03) HOURS

DATE: 08th JUNE 2025

TIME: 09.30 A.M – 12.30 P.M

Instructions: Answer five (05) questions only.
 All questions carry equal marks.
 Use of non-programmable calculators is allowed.

Question No. 01

- i. Explain the structure of the Sri Lankan financial system. How does it facilitate economic growth and development? **(10 Marks)**
- ii. Distinguish between direct and indirect finance. Illustrate your answer with examples and discuss their importance in the functioning of the economy. **(10 Marks)**

Question No. 02

- i. Explain the concept of information asymmetry within a financial system and discuss its causes and consequences. Provide appropriate examples to support your answer. **(10 Marks)**
- ii. Describe the functions of primary and secondary markets and explain their importance in the capital formation. **(10 Marks)**

Question No. 03

- i. Explain the process of a primary auction of Treasury bills (T-bills) in Sri Lanka. In your answer, describe the role of the Central Bank, the types of bidding methods used, and the participants involved. **(06 Marks)**
- ii. A bond has a face value of Rs.1,000, pays a 9% annual coupon with semi-annual payments, and matures in 9 years. The current annual market yield of similar bonds is 8%. Calculate the current price of the bond. Explain how changes in maturity period affect interest rate risk of a bond. **(08 Marks)**
- iii. A callable bond with a face value of Rs 1,000 pays a 6.5% annual coupon, payable annually, matures in 12 years, and can be called in 5 years at a call price of Rs.1,050. The bond currently sells for Rs. 1,100. Calculate the yield to call (YTC) assuming it is called. **(06 Marks)**

Question No. 04

- i. Critically evaluate the Efficient Market Hypothesis (EMH) by discussing its three forms. **(06 Marks)**
- ii. Discuss the factors that influence the demand for money according to the Liquidity Preference Theory. Use relevant equations and illustrations. **(08 Marks)**
- iii. "The yield curve is a graphical representation of interest rates on debt for a range of maturities" Illustrate and explain the different possible shapes of the yield curve. **(06 Marks)**

Question No. 05

- i. "Discuss the main types of orders that can be placed in the Automated Trading System (ATS) at the Colombo Stock Exchange . **(06 Marks)**
- ii. "Foreign exchange crisis began in 2019 and has led to significant challenges to the Sri Lankan economy, including a shortage of essential imports and a depreciation of the Sri Lankan rupee" Discuss the major functions of the foreign exchange market and their significance in facilitating international trade and financial stability. **(08 Marks)**
- iii. Explain the relationship between liquidity management, capital adequacy, and overall bank profitability. **(06 Marks)**

Question No. 06

- i. Describe how the Price-Earnings (P/E) ratio can be used to value a stock. **(04 Marks)**
- ii. If a company's Earnings Per Share (EPS) is Rs.40 and the industry average P/E ratio is 17, estimate the stock price. **(04 Marks)**
- iii. A company's earnings are expected to grow at 20% annually for the next two years, after which the growth rate will stabilize at a long-term rate of 4% indefinitely. The most recent dividend paid was Rs.10. If the required rate of return is 12%, calculate the current value of the stock. **(06 Marks)**
- iv. An investor is evaluating the purchase of a share with the intention of holding it for a period of three years. He/she does not expect to receive any dividend in Year 1. However, it is projected that a dividend of Rs. 2.00 will be received in Year 2, followed by a dividend of Rs. 2.40 in Year 3. Additionally, the investor anticipates that the share can be sold for Rs. 55.00 at the end of Year 3. If the investor's required rate of return is 12% per annum, calculate the maximum price he/she should be willing to pay for the share today. **(06 Marks)**
