

c. Distinguish between sediments and sedimentary rocks with examples.

02.

[illegible][illegible]

Age Group	2006	2007	2008
18-29	82%	85%	88%
30-49	78%	80%	82%
50-69	72%	75%	78%
70+	65%	68%	70%

c. What practices can we apply to improve aeration in a water logged soil?

04. A research student observed the following results for an experiment he carried out.

1. Soil A - pH = 6.00, Base saturation = 80% and CEC = 20
2. Soil B - pH = 5.50, Base saturation = 60% and CEC = 20

Explain these results.
