.....
.....

Instructions for answering question 2 to 4:

*You may use the sample croquis as a guide to draw the garment, which is saved on the desktop.

*While designing the garments, you will have to ensure that the garments are sewable.

*Organize your drawing to the time duration given and the working sheet must be an A4 size paper, in landscape format.

* You can use the print designs to help you design the collection

*Save your document in the folder named – TT15159 FINAL EXAMINATION on the desktop, in both Kaledo pst and JPEG formats.

*Indicate your registration number as the name of the files.

2. You are given five (05) different designs of ladies tops. Select one (01) design as per your choice and draw the garment using the CAD software – Kaledo Style™. The following points must be considered. (24 Marks)
 - i. Front and back view of the garment
 - ii. Use of appropriate colours and other details

3. Design a bottom garment that suits the top you have drawn in question No. (2). You may use your own creative skills to add style detailing to the garment. The following points must be considered. (24 Marks)
 - i. Front and back view of the garment
 - ii. Use of appropriate colours and other details

4. Assuming the above two (02) garments as one set of outfits, design one (01) jacket and one (01) short to form a collection of garments to be included into one (01) theme. (40 Marks)
 - i. All the garments drawn should be arranged on to one (01) sheet of paper
 - ii. Give a suitable name for the collection
 - iii. Provide colour options for your collection
 - iv. Draw front view only for the garments
